

## RR500 5 Meter Stand-alone Conveyor

The Range Road RR500 Stand-alone conveyor has its own 2.5Hp Engine and can be used in any application that a longer conveyor is needed, it can also be used with any Range Road Firewood Processor to increase the reach and height. The RR500 folds up for mobility and storage,

The RR500 Stand-alone Conveyor can be used with the Range Road RR20T Firewood Processor in place of the 3.2m conveyor that mounts on the processor, as an easy option the hydraulics from the processor can run the 5 Meter conveyor and the second engine is not necessary.

**Length: 5 Meters (16')**  
**Maximum Height: 2.5 Meters (8')**  
**Engine: 2.5Hp Epa Engine**  
**Hydraulic Pump: 14L/min 160 Bar (2320 Psi)**  
**Belt Width: 150mm (6")**  
**Weight: 227Kg (500 Lb)**  
**Coupler: 2" Ball**  
**Tires: 4.80-8**
